

Math Camp Information

Please complete the attached
registration form and return to:

Ireland Drive Middle School

By June 27th, 2017.

**Rising 6th graders are required
to complete a Math Summer
Enrichment project (which can
be found on the IDMS website).**

**However, participation at the
Math Camp will count as the
first math test grade in lieu of
the Math Summer Enrichment
Project.**

**7 out of 8 days attendance at the
Math Camp is required to
exempt you from completing the
written project.**

**Two Week
Summer Math
Camp**

Free Math Camp

This Math Camp is free of charge! During Math Camp students will follow a schedule that consists of hands-on math instruction from a certified teacher. Students will also be involved in camp activities facilitated by Cumberland County Prime Time, including games, arts and crafts.

Camp Dates & Times

Monday—Thursday

July 10 — 14 and July 17 — 20

8:30 am—2:00 pm

Camp will not be offered on Fridays. Students will be served breakfast and lunch. Transportation will be provided. The final part of Math Camp consists of your child's participation.

We have limited seats available. Registration can be completed two ways. You can return the registration form directly to Ireland Drive Middle School (in person or by mail) or you may call to confirm your child's spot. Registration deadline is Tuesday, June 27th, 2017.

Please feel free to contact the school with any questions you may have!

We look forward to working with your child and hope that your child is able to accept this opportunity!

Sincerely,

Tina DiGaudio, Principal

Dear Parents

In our effort to meet our students' needs and encourage ongoing instruction during the summer, Ireland Drive Middle School will offer a two week Math Camp for rising sixth grade students in the Douglas Byrd School District who were selected by their elementary school principals for participation. Our goal is to provide small group instruction, team building activities, and enhanced mathematical strategies, as well as computer time and study skills to prepare your child for the upcoming school year. We hope that this will help ease your child's transition into middle school and provide a solid foundation for middle school mathematics.
